I. Company Introduction

Established in 2011 in the beautiful seaside city Xiamen, Fujian Province. Xiamen Unitop Plumbing Technology is specialized in developing and manufacturing toilet tank fittings.

Our products maintain international government code certification throughout the world to independently assure our quality and performance.

Combined with rigorous product testing ongoing production quality processes, our customers and end-users can be assured receiving the absolute best quality finished product.

I. Company Plant

II. Our Main Customers

Serving some of the name-brand in the industry for years...

III. Company Capacity

**Tank trim:
Capacity Annually: 5 million sets**

**Floor Drain:
Capacity Annually: 1.2 million sets**

IV. Production System

Unitop applies the most advanced tooling process equipment, produces most precise and high quality mould, to ensure the stability of our products.

Automation in production ensures stable quality, competitive cost and efficient lead time.

V. Quality System

The world's leading technology testing equipment

Life test

Pressure test

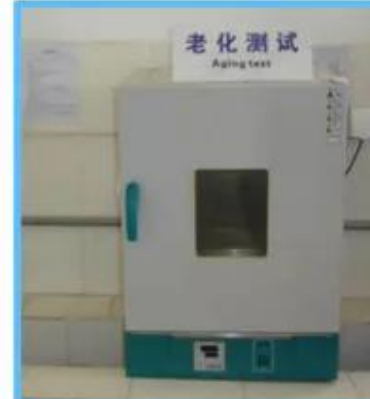

Salt Spray test

Anti-Siphon test

Aging test

Dirty water test

V. Quality System

Site Production Quality Control

**Fill valve flow volume test
(100% testing)**

**Flush volume consistency test
(100% testing)**

V. Quality System

International Certification

• ISO9001

• China

• U.S.A

• U.K.

• E.U.

To be responsible, reliable and committed to our clients

CERTIFICATE OF LISTING

The most updated information on this Certificate of Listing is available online at www.iapmotest.com

Product: Fish Valve (Small)-Single **File No.:** 792

Effective Date: July 2015 **Valid Until:** July 2019

Issued To: Xiamen Unitop Plumbing Technology Co., Ltd.
No. 48, Xiang Hai Road, Kinglin, Xiamen City, Fujian, China

Identification: Manufacturer's name and trademark, model number, "LISTED" and original (same) shall be permanently marked on or to the visible area of identification. The product shall also bear the gTQ08 certification mark.

Characteristics: Anti-siphon type Fish Valve (Small) (Indicated to be installed in accordance with the manufacturer's instruction and the requirements of the latest edition of the Uniform Plumbing Code).

Prohibits are in compliance with the following code(s):
Uniform Plumbing Code (UPC)
National Plumbing Code of Canada

GSTS TESTING SERVICE

Guangzhou Global Standard Testing Service Co., Ltd.
Address: 3005, Chulan and Technology Park No. 48, Xiang Hai Road, Guangzhou Science City, GETD, Guangzhou, China, 510663
Telephone No. 86-20-62801133/62801107

Test Verification of Conformity

On the basis of the tests undertaken, the sample(s) of the below product have been found to comply with the requirements of the referenced specifications at the time the tests were carried out.

Applicant Name & Address	XIAMEN UNITOP PLUMBING TECHNOLOGY CO. LTD No. 1 Building, No. 48 Xiang Hai Road, Kinglin, Xiamen City, Fujian, China
Product(s) Tested	Fish valve
Ratings and principal characteristics	Manufactured from plastic, connected to the supply network through the bottom (model AS2 or side (model AS3), inlet thread G1/2 B.
Model(s)	AS1, AS3
Brand name	UNITOP
Relevant Standard(s)/Specification(s)	EN 14124: 2004 inlet valves for flushing systems with integral overflow Construction Products Regulation (CPR) No. 305/2011
Verification Issuing Office Name & Address	Guangzhou Global Standard Testing Service Co., Ltd. Chulan Science and Technology Park No. 48 Xiang Hai Road, Guangzhou Science City, GETD, Guangzhou, China, 510663
Date of Test(s)	April 12, 2016 - April 28, 2016
Verification/Report Number(s)	11002-2/J160411002-1

Statement of Conformity

sample(s) of the below product have been found to comply with the requirements of the referenced specifications at the time the tests were carried out.

EN UNITOP PLUMBING TECHNOLOGY CO., LTD
Building, No. 48 Xiang Hai Road, Kinglin, Xiamen City, Fujian, China

11002-2/J160411002-2

(It) and should be read in conjunction with it.

VI. R&D Ability

Some new products in 2017

**A28-05 Stainless steel
Pin fill valve**

**A31-03 Dual flush valve
with bracket**

Floor Drain

VII. Closer look at product line

Fill Valve Series

Our strong traits:

1. We use first-class raw materials to ensure a reliability.
2. More durable, passed life testing of 200,000 cycles.
3. Resist maximum water pressure up to 20KG, with big float design.
4. More filling water under low pressure, than other competitors.
5. Better dimensional precision than other competitors.
6. 100% water testing to ensure every valve's quality.

VII. Closer look at product line

Flush Valve Series

Our strong traits:

1. We use first-class raw materials to ensure a reliability.
2. Flushing consumption evaluated as most reliable among Chinese competitors.
3. Flush valves' weight heavier than other competitors, ensures lasting durability.
4. Better dimensional precision than other competitors.
5. Lighter press force.
6. 100% water testing to ensure every valve's quality.

VIII. Our Mission

Unitop is dedicated to the development and implementation of water-saving products, which makes great contribution to the world water resources saving.

We continuously optimize our products and services to create added values to our customers.

Every Drop Counts

Save Water, Save Life
